20
YEARS
of experience is the
key to success

About us...

In the last 20 years of hard work, determination commitment to quality have allowed us to become the large group in pole manufacturing industry in India.

We established our company in 2005 From 2005 to 2010 we: Baskistite, Castrite, Centaur, Beam metal items light, Under water fitting, 2spot light, Decorative light, Decorate lamp, Street light, Flood light, Spot lamp, Gate light and Giants.

Than we established 2010 to 2014 Ballard light , Flush light , Gate light , and Mercury light , Than we started from 2014 to 2018 Designer light , Fly, Wall light, Garden light, Garden Ballard light, Garden Post light.

And...

Finally after a long time we established 2019 to 2024 Decorative Post light, Decorative Wall light, Decorative Ped, lamp, Path light, Ballard light, Garden Post light, Bracket light.

With almost 20 years of excellence Glowmast is a well known brand for pole manufacturing in India. We are delivering quality products to our clients. We're known, because quality is written in all India in the name of acme outdoor lighting we are Approved vendors of acme outdoor lighting pvt. Ltd etc.

We are manufacturers of quality products are put their quality behind. We have inhouse casting facility all aluminium, brass machine, robotic welding machine, cnc, laser cutting machine, lathe machine, press machine, forging machine, cutter machine, mirror polish machine, spring plates machines, and other advance types of machine used in decorative poles & lanterns manufacturing
Also we have a great team of experienced and qualified engineers. We have in house design team & department for new design Development time to time. Some of these designs are in this catalog acme pole etc.

From decorative pole & led street light luminaires We have wide range of products for our customers & on time Delivery. Intercompliance system and also we manufacture As per customer requirement & design also.

Why choose an Glowmast ?

The Glowmast Advantage

- For 20 years Glowmast has stood for innovation and sustainable development in the Indian lighting industry.
- It is a constant endeavour of Glowmast to work on designing and developing new sustainable products to help conserve resources and improve the quality of life through light.
- High quality, economical and longevity, it is characterized by
  The portfolio includes a whole new range of architectural luminaires.
- With our commitment to invest continuously in innovation, creativity & design, we have developed a wide range of products that comply with stricter statutory and regulatory requirement, which includes ecologically sensitive and quality conscious.
- We take pride to design, develop & manufacture, a range of Quality products in India, to contribute and support the Economy of our Nation.
